Session Program

2–5 Feb 2026

The search for neutrinoless double-β decay: experimental and theoretical challenges

Session 6

ECT*, Aula Renzo Leonardi
Strada delle Tabarelle 286, I-38123 Villazzano (Trento)

Tuesday 3 February

14:45

Session 6

Session | **Location:** ECT*, Aula Renzo Leonardi, Strada delle Tabarelle 286, I-38123 Villazzano (Trento) | **Convener:** Yeongduk Kim

14:45–15:25 **Double charge exchange reactions towards double-beta decay**

Speaker
Manuela Cavallaro

15:25–16:05 **Precise and accurate calculations of double-beta matrix elements**

Speaker
Jonathan Engel

16:05
