

From Hadrons to Therapy: Fundamental Physics Driving New Medical Advances

Monday, 5 September 2022

New experimental developments in hadrontherapy - Aula Leonardi (14:15 - 15:35)

-Conveners: Pablo de Vera Gomis

time	[id] title	presenter
14:15	[37] Sonoacoustics for range verification in pre-clinical and clinical proton beam therapy	LASCAUD, Julie
14:55	[6] Radioactive carbon beams for simultaneous treatment and imaging	BOSCOLO, Daria
