

From Hadrons to Therapy: Fundamental Physics Driving New Medical Advances

Wednesday, 7 September 2022

Need for accurate particle-impact cross sections and Monte Carlo simulations - Aula Leonardi (09:00 - 10:20)

-Conveners: Jan Franz

time	[id] title	presenter
09:00	[7] Need of positron impact cross sections: Ionisation cross section calculations	SINHA, Nidhi
09:40	[8] Relativistic quantum theory for modeling electron scattering	TRIGGIANI, Francesca
