

# From Hadrons to Therapy: Fundamental Physics Driving New Medical Advances

## Thursday 8 September 2022

**Nanoscale radiation damage to DNA: theoretical perspectives - Aula Leonardi (11:00 - 12:20)**

-Conveners: Simone Taioli

time	[id] title	presenter
11:00	[21] Low-energy electrons and DNA: A perspective from first-principles simulations	KOHANOFF, Jorge
11:40	[4] DNA radiation damage in the nucleosome: the molecular dynamics perspective	CLERI, Fabrizio
