

From Hadrons to Therapy: Fundamental Physics Driving New Medical Advances

Tuesday, 6 September 2022

New experimental developments in hadrontherapy: New experimental developments in hadrontherapy - Aula Leonardi
(11:00 - 11:50)

-Conveners: Daria Boscolo

time	[id] title	presenter
11:00	[28] Enhancing prompt-gamma production for real-time dose verification in proton therapy	CARTECHINI, Giorgio
11:25	[41] A novel technology for particle beam monitoring based on thin silicon sensors	ABUJAMI, Mohammed A. A.
