

Giant and soft modes of excitation in nuclear structure and astrophysics

Tuesday, 25 October 2022

Morning Session 2: Chair: T.B.A. - Aula "Renzo Leonardi" (09:00 - 12:30)

time	[id] title	presenter
09:00	[14] Experimental signatures of a toroidal electric dipole mode in nuclei	VON NEUMANN-COSEL, Peter
09:45	Discussion	
10:00	[10] Dipole excitations in nuclei: recent studies within the largescale shell model and beyond	SIEJA, Kamila
10:45	Discussion	
11:00	Coffee Break	
11:30	[1] Giant and pigmy modes from coupled-cluster theory	BACCA, Sonia
12:15	Discussion
