

# Giant and soft modes of excitation in nuclear structure and astrophysics

## Tuesday, 25 October 2022

**Afternoon Session 2: Chair: T.B.A. - Aula "Renzo Leonardi" (14:00 - 18:00)**

time	[id] title	presenter
14:15	[24] in memoriam Ricardo A. Broglia	VIGEZZI, Enrico
14:45	[25] Microscopic Calculations of Giant Pairing Vibrations in Light Nuclei	BARRANCO, Francisco
15:30	Discussion	
15:45	[8] Electric dipole polarizability and the neutron skin thickness	ROCA-MAZA, Xavier
16:30	Discussion	
16:45	Coffee Break	
17:00	[5] Investigation of low-lying dipole strengths using real photons scattering experiments	MÜSCHER, Miriam
17:35	Discussion	
17:45	[37] Resumee of the day 2
