

# Holographic perspectives on chiral transport

## Monday, 13 March 2023

**New perspectives on chiral transport - Aula Renzo Leonardi (14:10 - 15:10)**

-Conveners: Karl Landsteiner

time	[id] title	presenter
14:10	[1] Electric Conductivity and Chiral Anomaly - perturbative and holographic perspectives	FUKUSHIMA, Kenji
14:30	[2] Collective axions in chiral media: an effective field theory approach	SADOFYEV, Andrey
14:50	[3] Discussion
