

Holographic perspectives on chiral transport

Tuesday, 14 March 2023

Neutron stars II - Aula Renzo Leonardi (15:30 - 17:30)

time	[id] title	presenter
15:30	[15] A new formulation of strong-field magnetohydrodynamics for neutron stars	GROZDANOV, Sašo
15:50	[16] Dense and Hot QCD at Strong Coupling and Neutron Star Phenomenology	DEMIRCIK, Tuna
16:10	[17] A dynamical inflaton coupled to strongly interacting matter	VAN DER SCHEE, Wilke
16:30	[48] Discussion
