

Quantum sensing and fundamental physics with levitated mechanical systems

Contribution ID: 23

Type: **not specified**

Quantum sensing in microgravity

Wednesday, 2 August 2023 16:20 (40 minutes)

Presenter: HEIDT, Alexander (LEMAQUME - Einstein-Elevator at Leibniz University of Hannover - Institut für Transport- und Automatisierungstechnik & Institut für Quantenoptik)

Session Classification: Session 6
