

Strongly interacting matter in extreme magnetic fields

Tuesday, 26 September 2023

Lattice - Aula Renzo Leonardi (09:30 - 12:00)

| time | [id] title | presenter |
|-------|--|---------------------|
| 09:30 | [13] Instantons and chiral symmetry in hot QCD | KOVACS, Tamas |
| 10:00 | [14] Magnetic susceptibility of QCD matter | BALI, Gunnar |
| 10:30 | [15] Solidifying vacuum: phase structure of the electroweak model in a strong magnetic field | Dr CHERNODUB, Maxim |
| 11:00 | Coffee break | |
| 11:30 | [16] Magnetic fields, nonzero densities and QCD on the lattice | KOTOV, Andrey |
