Measuring neutrino interactions for next-generation oscillation experiments

Friday, October 25, 2024

Model dependence and data utility - **Aula Renzo Leonardi (9:00 AM - 10:30 AM)**

time	[id] title	presenter
9:00 AM	[40] Statistical methods in cross-section extraction	KOCH, Lukas
9:30 AM	[41] New methods for cross-section extraction	GARDINER, Steven
10:00 AM	[42] OmniFold	CUDD, Andrew

Model dependence and data utility - **Aula Renzo Leonardi (11:00 AM - 12:30 PM)**

time	[id] title	presenter
11:00 AM	[46] Data releases and preservation	PICKERING, Luke
11:30 AM	[47] Successes and challenges in using XSEC measurements: theoretical perspective	Dr MEGIAS, Guillermo D.
12:00 PM	[48] Discussion: data presentation
