

# Synergies between LHC and EIC for quarkonium physics

## Thursday, July 11, 2024

### Morning 4 - Aula Renzo Leonardi (9:00 AM - 12:30 PM)

time	[id] title	presenter
9:00 AM	[17] Experimental results on exclusive, diffractive and diffractive dissociative quarkonium production at the LHC	MCNULTY, Ronan
9:30 AM	[37] Exclusive quarkonium productions: NLO effects, QCD evolution and resummation	NABEEBACCUS, Saad
10:00 AM	[58] Quarkonium, PDFs and xFitter	FLETT, Chris
10:30 AM	Coffee break	
11:00 AM	[9] From BFKL to Shock wave and CGC in quarkonium production	FUCILLA, Michael
11:30 AM	[40] ePIC and quarkonia	FAZIO, Salvatore
12:00 PM	[53] Prospects for isolated quarkonium studies	CARCEDO, lidia
