

Session Program

17–21 Feb 2025

Key Reactions in Nuclear Astrophysics

Maria Gatu Johnson, “Using high energy density plasmas generated by high- energy lasers for nuclear astrophysics experiments”

ECT*, Aula Renzo Leonardi
Strada delle Tabarelle 286, I-38123 Villazzano (Trento)

Wednesday 19 February

09:30
|
10:10

Maria Gatu Johnson, "Using high energy density plasmas generated by high- energy lasers for nuclear astrophysics experiments"

Session | Location: ECT*, Aula Renzo Leonardi, Strada delle Tabarelle 286, I-38123 Villazzano (Trento)
