

Emergent mass and its consequences in the Standard Model

Wednesday, 19 September 2018

Chair: Ralf Gothe - Meeting room (09:00 - 12:30)

-Conveners: Ralf Gothe

time	[id] title	presenter
09:00	[16] Producton of heavy quarkonium on the nucleon at threshold: Probing the nucleon mass	MEZIANI, Zein-Eddine
09:45	[33] Global properties of baryons from Poincare-covariant analysis	QIN, Sixue
11:00	[19] Three concepts of the gauge boson mass	GLAZEK, Stanislaw
11:45	[20] Quark mass generation with non-Abelian Ball-Chiu vertex	AGUILAR, Cristina
