**Session Program**

**14–19 Jun 2026**

# Hadron Imaging with GPDs: High-Precision Global Analysis and Lattice QCD

## *Session 1*

ECT*, Aula Renzo Leonardi
Strada delle Tabarelle 286, I-38123 Villazzano (Trento)

# Monday 15 June

09:40

## Session 1: Martha Constantinou (Chair)

**Session** | **Location:** ECT*, Aula Renzo Leonardi, Strada delle Tabarelle 286, I-38123 Villazzano (Trento)

09:40–10:10 **Experimental measurements probing GPDs: status and prospects**

**Speaker**
Charlotte Van Hulse

10:10–10:40 **Nucleon structure through GPD studies: recent results from CLAS12**

**Speaker**
Mostafa Hoballah

10:40

# Tuesday 16 June

09:30

## Session 1: David Richards (Chair)

**Session** | **Location:** ECT*, Aula Renzo Leonardi, Strada delle Tabarelle 286, I-38123 Villazzano (Trento)

09:30–10:00

### Finite-$t$ and target mass corrections for the short-distance expansion of quasi(pseudo) GPDs

**Speaker**
Huayu Jiang

10:00–10:30

### Recent progress in x-dependent GPDs from lattice QCD

**Speaker**
Krzysztof Cichy

10:30

# Wednesday 17 June

09:30

## Session 1: Feng Yuan (Chair)

**Session** | **Location:** ECT*, Aula Renzo Leonardi, Strada delle Tabarelle 286, I-38123 Villazzano (Trento)

09:30–10:00 **Isovector moments of parton distribution functions from the lattice.**

**Speaker**
Sara Collins

10:00–10:30 **Higher Mellin moments of the pion and kaon at the physical point**

**Speaker**
Constantia Alexandrou

10:30

# Thursday 18 June

09:30

## Session 1

**Session** | **Location:** ECT*, Aula Renzo Leonardi, Strada delle Tabarelle 286, I-38123 Villazzano (Trento)

09:30–10:00 **Disconnected Sea, Low-x Dynamics, and 3D Hadron Structure**

**Speaker**
Simonetta Liuti

10:00–10:30 **Generalized parton distributions with AI/ML methods**

**Speaker**
Zaki Panjsheeri

10:30

# Friday 19 June

09:30

## Session 1

**Session** | **Location:** ECT*, Aula Renzo Leonardi, Strada delle Tabarelle 286, I-38123 Villazzano (Trento)

09:30–10:00 **Gluon Wigner Distributions in boost-invariant longitudinal position space**

**Speaker**
Tanmay Maji

10:00–10:30 **Connecting baryon light-front wave functions to quasi-transverse-momentum-dependent correlators in lattice QCD**

**Speaker**
Andrea Schiavi

10:30
