

Light clusters in nuclei and nuclear matter: Nuclear structure and decay,  
heavy ion collisions, and astrophysics

Contribution ID: 17

Type: **not specified**

**Gamma decay width of the 3-1 state in  $^{12}\text{C}$ , and  
recent activities of the Kyoto-Osaka group**

*Tuesday, 3 September 2019 15:15 (45 minutes)*

**Presenter:** KAWABATA, Takahiro
