

LFC19: Strong dynamics for physics within and beyond the Standard Model at LHC and Future Colliders

Wednesday, 11 September 2019

Top Quark Physics - Meeting room (09:30 - 11:00)

-Conveners: Francesco Tramontano

time	[id] title	presenter
09:30	[25] Overview on recent top-quark measurements at the LHC	MELINI, Davide
10:00	[26] Infrared renormalons in top-mass related observables	FERRARIO RAVASIO, Silvia
10:30	[27] Top quark pair production at NNLO+NNLL' in QCD including NLO EW contributions	SCOTT, Darren

Top Quark Physics - Meeting room (11:30 - 12:30)

-Conveners: Francesco Tramontano

time	[id] title	presenter
11:30	[28] Top-quark production at NNLO using qT-subtraction	MAZZITELLI, Javier
12:00	[29] Prospects for the determination of the top-quark Yukawa coupling at future e+e- colliders	MITOV, Alexander
