

LFC19: Strong dynamics for physics within and beyond the Standard Model at LHC and Future Colliders

Thursday, 12 September 2019

EWSB and BSM - Meeting room (14:30 - 16:00)

-Conveners: Roberto Franceschini; Aldo Deandrea

time	[id] title	presenter
14:30	[30] On the spectrum of composite resonances	FRIGERIO, Michele
15:00	[31] Hypercharged Naturalness	STELZL, Stefan
15:30	[32] Elementary particle masses from a non-perturbative anomaly	FREZZOTTI, Roberto

EWSB and BSM - Meeting room (16:30 - 18:00)

-Conveners: Roberto Franceschini; Aldo Deandrea

time	[id] title	presenter
16:30	[33] When strong dynamics meets dark matter - investigating the viability of the minimal setup	FUKS, Benjamin
17:00	[34] Signals of composite dark matter	RINALDI, Enrico
17:30	[35] A ubiquitous pseudo-scalar in composite Higgs models	MASON, Lara
