

Machine Learning for High Energy Physics, on and off the Lattice

Wednesday, 29 September 2021

Session 6 - Aula Renzo Leonardi (15:00 - 18:20)

time	[id] title	presenter
15:00	[13] Observifolds: path integral contour deformation	DETMOLD, William
15:50	[19] Machine learning for theories with fermions	ALEXANDRU, Andrei
16:40	[14] Quantitative analysis of phase transitions in two-dimensional XY models using persistent homology	SALE, Nicholas
