

Spontaneous and induced fission of very heavy and super-heavy nuclei

Tuesday, 10 April 2018

Session 5: Reaction Mechanisms - Meeting room (14:30 - 17:20)

-Conveners: Emanuele Vardaci

time	[id] title	presenter
14:30	[12] Symmetric, asymmetric and super-asymmetric modes in fission and quasifission of heavy and super-heavy nuclei	ITKIS , Iulia
15:20	[13] Microscopic studies of fission dynamics based on energy density functionals	VRETENAR, Dario
16:10	Coffee Break	
16:30	[14] Time-dependent Density Functional Theory for nuclear reactions – advantages and disadvantages	MAGIERSKI , Piotr
