

Session Program

6–10 Sept 2021

LFC21: Strong Interactions from QCD to New Strong Dynamics at LHC and Future Colliders

General talks

ECT* - Trento, online
Zoom Platform

Monday 6 September

10:00

General talks

Session | Location: ECT* - Trento, online, Zoom Platform | Conveners: Marcel Vos, Stefania De Curtis

10:00–10:05 Welcome speech

Speaker

Prof. Gert Aarts

10:05–11:30 Dream beams on the fast track; the European strategy for future accelerators

Speaker

Stephen Gibson

11:30–15:30 Lunch Break

15:30–17:00 Confronting Astroparticle Physics with Colliders

Speaker

Julia Harz

17:00–18:00 Bruno Touschek's extraordinary journey from death rays to particle colliders

Speaker

Giulia Pancheri

18:00

Friday 10 September

10:00

General talks

Session | Location: ECT* - Trento, online, Zoom Platform | Conveners: Gennaro Corcella, Stefano Moretti

10:00–11:30 Dark Sectors probes between the intensity and the energy frontier

Speaker

Claudia Frugiuele

11:30–13:00 Physics interplay between FCC-ee and FCC-hh

Speaker

David d'Enterria

13:00–15:00 Lunch break

15:00–16:30 On B anomalies

Speaker

Jure Zupan

16:30–18:00 Collider Challenges for QCD

Speaker

Jennifer Smillie

18:00
